

MEETS REQUIREMENTS FOR SUPERVISOR TRAINING FOR
PSYCHOLOGISTS, CLINICAL SOCIAL WORKERS*, AND MFT'S!

EARN 6.0 PROFESSIONAL CE HOURS!

THE RELATIONSHIP TRAINING INSTITUTE PRESENTS

*In conjunction with the
San Diego Psychological Association*

DEVELOPING AND ENHANCING COMPETENCE IN CLINICAL SUPERVISION

Presenter: Edward Shafranske, Ph.D.

**Friday, May 21, 2010
8:30 AM to 3:30 PM**

This workshop is designed to build upon the existing competencies that clinical supervisors already have and to further enhance both knowledge and skill in conducting clinical supervision. Drawing upon concepts introduced in *Clinical Supervision: A Competency-Based Approach*, this course will include an in-depth look at supervisor-supervisee characteristics, the supervisory relationship, best practices, ethical & legal principles, multicultural competency, risk management, ways to develop or repair supervisory alliances, and skills in addressing problematic supervisee performance. Emphasis will be placed on the "real world" challenges faced by novice expert supervisors in conducting competency-based clinical supervision. Topics include:

- Clinical Supervision as a Unique Professional Competency
- Emerging Professional and Legal Issues
- Competency-based Clinical Supervision
- Best Practices
- Addressing Personal Factors, Diversity and Counter-transference
- Repairing Alliance Ruptures
- Professional Practices, Ethics and Law: Best Practices and Liability
- Addressing Problematic Supervisee Behavior

This program meets requirements for advanced continuing education for psychologists, clinical social workers, and MFT's.

* LCSW's may need additional training to meet full requirements

ABOUT THE SPEAKER:

Edward Shafranske, Ph.D., ABPP, is Professor of Psychology and Director of the Psy.D. Program at Pepperdine University. He is co-author of the best selling *Clinical Supervision: A Competency Based Approach* published by the American Psychological Association and co-editor of the forthcoming *Casebook for Clinical Supervision*. A fellow of APA, Dr. Shafranske has received recognition for his teaching and contributions to clinical psychology. Having supervised graduate students through post-doctoral clinicians, he makes theory and research accessible to the everyday practice of clinical supervision.
